DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 10-13 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: The intermediary reactants and reaction steps leading up to desired compound of Formula III after starting out with the compound of Formula Ia.

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter: The subject matter of claims 1-9 unobvious over the prior art of record because the prior art of record does not teach or suggest a method for preparing a compound according to Formula I comprising reacting a compound of Formula II with a hydrohalogen compound as defined by the present claim 1.
